**ANNUAL OUT-OF-POCKET MAXIMUM**

The out-of-pocket maximum is the most a member will pay in a calendar year for covered services. Once copayment costs reach the annual out-of-pocket maximum, WHA will cover 100% of the covered services for the remainder of the calendar year. Amounts paid for non-covered services do not count toward a member's out-of-pocket maximum.

- $1,500 Self-only coverage
- $1,500 Individual with Family coverage
- $2,500 Family coverage
- None Lifetime maximum

**Preventive Care Services**

- $15 per visit

Acupuncture, up to 20 visits per year
Chiropractic care, up to 20 visits per year

* Percentage copayments are based upon WHA’s contracted rates with the provider of service.
** Copayments do not contribute to the medical out-of-pocket maximum.
Western Health Advantage shall cover Prescription medications at Participating Pharmacies, prescribed in connection with a covered service and subject to conditions, limitations and exclusions stated in the Combined Evidence of Coverage and Disclosure Form (EOC/DF) located on the MyWHA Plan toolbar at mywha.org.

Medications on a member’s three-tier prescription plan are categorized as follows in WHA’s Preferred Drug List (PDL):

- Preferred generic medications listed on the PDL are covered at the lowest tier copayment level
- Preferred brand name medications listed on the PDL are provided at the second tier copayment level
- Non-preferred drugs listed on the PDL are covered at the third tier copayment level

The PDL is a listing of medications developed by WHA’s Pharmacy and Therapeutics Committee as drugs of choice in their respective tiers. Drugs are evaluated regularly by the committee to ensure rational and cost-effective use of pharmaceutical agents. The committee reviews all medications for their efficacy, quality, safety, similar alternatives and cost in determining their inclusion on the PDL.

Please note that a drug’s presence on the WHA PDL does not guarantee that the member’s physician will prescribe the drug. There are a small number of drugs, regardless of tier, that may require prior authorization to ensure appropriate use based on criteria set by the committee.

Members may request a copy of the PDL by calling WHA Member Services or view the document online at mywha.org/pharmacy.

The following prescription medications are covered at no cost to the member (generic required if available): aspirin, folic acid (including in prenatal vitamins), fluoride for preschool age children, tobacco cessation medication and women’s contraceptives.

**Covered Prescription Medications**

- Oral medications that require a Prescription by state or federal law, written by a Participating Physician, or a pharmacist if allowed by law, and dispensed by a Participating Pharmacy.
- Covered Prescription medications dispensed by a non-Participating Pharmacy outside of WHA’s service area for urgent or emergency care only (the receipt may be submitted to WHA for reimbursement).
- Compounded Prescriptions for which there is no FDA-approved alternative and which contain at least one Prescription ingredient.
- Insulin, insulin syringes with needles, glucose test strips and tablets.
- Oral contraceptives and diaphragms.

At walk-in pharmacies if the actual cost of the prescription is less than the applicable copayment, the member will only be responsible for paying the actual cost of the medication.

Prescription copayments contribute to the medical annual out-of-pocket maximum.

*Regardless of medical necessity or generic availability, the member will be responsible for the applicable copayment when a Tier 2 or Tier 3 medication is dispensed. If a Tier 1 medication is available and the member elects to receive a Tier 2 or Tier 3 medication without medical indication from the prescribing physician, the member will be responsible for the difference in cost between the Tier 1 and the purchased medication in addition to the Tier 1 copayment. The amount paid for the difference in cost does not contribute to the medical out-of-pocket maximum.
You may either go to a retail pharmacy or use home delivery to obtain any prescription medications that you need.

Retail pharmacies. To find a walk-in pharmacy near you, search at mywha.org/directory or call WHA’s prescription benefit manager Express Scripts® at 800.903.8664.

Specialty medications. WHA members must use WHA’s specialty pharmacy network rather than local retail pharmacies to obtain specialty medications, as described in the EOC/DF. These are medications that treat complex, chronic and/or rare conditions and require a high degree of medication management.

Home delivery. If you are taking prescription medications on an ongoing basis, consider Express Scripts’ mail order program. By using mail order, you’ll save money, time and effort. Your medications can be refilled by phone or online and will be delivered straight to your home or work—whichever you prefer.

Get the cost savings of home delivery at Walgreens retail pharmacy. WHA is delivering more choices for 90-day fills of maintenance medications with Smart90® with Express Scripts®. You can obtain a 90-day supply at a Walgreens retail pharmacy for less than it would cost to fulfill three one-month orders. Bring any prescription that has at least a three-month refill to Walgreens to obtain your 90-day supply.

Note: The Smart90 program applies only to Walgreens and does not apply to specialty drugs. Members may also continue to obtain their maintenance medications through our mail order program.

INFERTILITY SERVICES
Covered Infertility services generally include consultations, examinations, diagnostic services whether performed in a physician’s office or in a hospital or other facility, and medications. All covered Infertility services, including the diagnostic work-up and testing to establish a cause of “Infertility”, require a 50% copayment, which is based on WHA’s contracted charges. All covered Infertility services must receive prior authorization and are subject to the exclusions and limitations set forth in this Copayment Summary.

“Infertility” is defined as a condition of being infertile. A member is considered infertile if there is the presence of a demonstrated condition recognized by a licensed physician and surgeon as a cause of infertility or she or he is unable to conceive a pregnancy or to carry a pregnancy to a live birth or produce conception after one (1) year of regular, unprotected heterosexual intercourse, or if the female partner is over age 35 years, after 6 months of regular, unprotected heterosexual intercourse. A woman without a male partner may be considered infertile if she is unable to conceive after at least 12 cycles of supervised artificial/donor insemination (6 cycles for women 35 years or older).

COVERED SERVICES — 50% COPAYMENT*
• Services and supplies for diagnosis and treatment of involuntary infertility
• Artificial insemination (except for donor semen or eggs, and services and supplies related to their procurement and storage), subject to a maximum of one treatment period of up to three (3) cycles per Lifetime+
• One Gamete Intra-Fallopian Transfer (GIFT) or In Vitro Fertilization per Lifetime+
• Medications for the treatment of Infertility

Genetic testing and counseling are covered benefits when medically indicated and are not subject to the Infertility Benefit copayments.

EXCLUSIONS AND LIMITATIONS
In addition to exclusions and limitations described under Covered Services, the following apply:
• The member must be diagnosed with “Infertility” as defined in this Copayment Summary.
• All covered Infertility services must be prior authorized by WHA.
• Services and supplies to reverse voluntary, surgically induced infertility are excluded.
• All services involved in surrogacy, including but not limited to embryo transfers, services and supplies related to donor sperm or sperm preservation for artificial insemination, are excluded.
• Frozen embryo transfers and Zygote Intra-Fallopian Transfer (ZIFT) are excluded.
• Intracytoplasmic Sperm Injection (ICSI) is excluded.
• Ova sticks (a self-test for infertility) are excluded.
• Ovum transfer/transplants or uterine lavage as part of infertility diagnosis or treatment is excluded.
• All services related to the sperm donor, including the collection of the sperm, are excluded.
• Sperm storage is excluded.
• Treatment of infertility as a result of previous/prevailing elective vasectomy or tubal ligation, including, but not limited to, procedure reversal attempts and infertility treatment after reversal attempts, is excluded.
• Artificial insemination in the absence of a diagnosis of Infertility is excluded.
• Treatment of female sterility in which a donor ovum would be necessary (e.g., post-menopausal syndrome) is excluded.
• Experimental and/or investigational diagnostic studies, procedures or drugs used to treat or determine the cause of infertility are excluded.
• Laboratory medical procedures involving the freezing or storing of sperm, ovum and/or pre-embryos are excluded.
• Inoculation of a woman with partner’s white cells is excluded (considered experimental).

* Copayments for covered Infertility services do not contribute to the annual out-of-pocket maximum of your medical plan with Western Health Advantage.
+ “Lifetime” refers to services obtained during the member’s life, including services provided under any other health insurance or HMO.
Complementary and Alternative Medicine, covered as part of your WHA plan, is provided by Landmark Healthplan of California, Inc.

Your medical plan includes up to 20 medically necessary visits annually [for each acupuncture and chiropractic care]. See your medical plan’s copayment summary to determine the cost of services. PCP referral is not required to receive covered services.

**Acupuncture.** Covers treatment of pain related to acute neuromusculoskeletal conditions such as dysfunction of the neck, back or joints, headaches, carpal tunnel, arthritis, allergies and asthma. Acupuncture services must be authorized. Typically covered acupuncture services include:

- Evaluation
- Manual stimulation
- Electroacupuncture
- Moxibustion
- Acupressure
- Cupping

**Chiropractic services.** Covers treatment of pain related to acute neuromusculoskeletal conditions such as low back pain, sprains and strains, headaches, neck pain and muscle spasms. Chiropractic services must be authorized. Typically covered chiropractic services include:

- History
- Conjunctive physiotherapy
- Examination
- X-rays
- Manipulation
